Photo Tagging

Welcome to your 'Gooseberry Alert'. Please feel free to **share the 'Gooseberry Planet Tips/Thoughts of the Week'**. Helping to keep you and your whole school community **Safer Online**.

Gooseberry Planet Staff Tip of the Week

Whether you are still on holiday or coming to the end of a well-earned break, take some time out before the new term to **review the security** for all your social media accounts.

Use a desktop to access and log in to your apps. Double check your friends lists and check who can see what you are posting online.

Be mindful about what you are sharing online and consider how much you share it.

Tagging – Avoid tagging colleagues and being tagged yourself in photos that are posted online. This can give those who want to find information about you a helping hand. Remember you can un-tag yourself and you have the choice of posting items to your timeline, for those you have given permission to see them.

We will be back next week with more helpful tips for you, your students and their parents/carers.
